Presents

TekSavvy Greater Arnprior Seniors Council Spotlight on New Members

For twenty years, TekSavvy had been providing Internet services to more than over 4,000 businesses and 350,000 homes. Operated by a passionate and energetic executive team, TekSavvy is proud to be the recipient of #1 Internet Service Provider for 6 years in a row, and Ottawa Call Centre of the Year (ORCCA) in 2015 and 2016! In the forefront of protecting consumer rights online while providing Internet products and services to thousands of Canadians across the country, TekSavvy is one of Canada's leading independent providers of telecommunications services. We're here to offer you the alternative of competitive prices and better service!

Seizing the Opportunity

The three most important amenities in an Age-Friendly Community (AFC) are seen to be: convenient health care facilities; convenient local shopping; and community or senior centres, similar to the Senior Active Living Centre (SALC) which is currently being developed for the Town of Arnprior. The Greater Arnprior Seniors Council (GASC) is working towards positioning Arnprior as a leading AFC in the Province and we are looking forward to working with the GACC to help deliver this work, especially by helping to create a Business-Friendly environment for our seniors and persons with disabilities. Let's seize this opportunity together.
